FOR EDUCATION

Flanders School received $1,300 more than prior years by collecting frequent shopper cards and entering them in batches, so we are doing it again this year! Shop Rite requires us to re-enter numbers every year. Please check the box below if you would like us to keep your number and re-enter in subsequent years while your children attend Flanders.

The schools in Southington received over $18,000 last year alone from just Stop & Shop! Flanders received $2,000 of that money. Please help us earn the most we can by writing down your full name and store card numbers below. You can even submit the numbers of friends and family members. The more numbers we receive, the more educational supplies and money that our school receives.

Through the Shop Rite and Price Chopper programs, we used our points to order rewards/incentives for classroom teachers to give to the kids, recess equipment and we received a brand new PA system for assemblies and concerts!

Just send this form back into school with your child and we can enter the numbers for you. These programs do NOT affect your gas points or Family Reward points.

☐ Please save my information for subsequent years.

Name	Stop & Shop (13 digits)	Shop Rite (12 digits)	Price Chopper (10 digits)
