ZAYA G. OSHANA

PATRICIA A. QUEEN

This website is designed to provide you with important and timely information about the activities, programs and services offered in the Southington Public Schools. Our home page displays tabs for basic information required by parents including bus routes, lunch menus, and school registration among other topics of interest. You will find contact information for all school personnel and a directory of staff. Contact information for Board of Education members is found on the Board of Education tab along with all Board of Education Policies and meeting agendas and minutes.

The adopted school calendar may be found on the website as well as an events calendar which includes daily activities such as PTO meetings, book fairs or student performances. Each department within the district is represented and each school is represented with a school specific page. Southington High School, John F. Kennedy Middle School and Joseph A. DePaolo Middle School offer individual academic department information.

The Southington Public School District values high expectations and excellence in every facet of the organization. Our primary objective is to prepare the young people of this community to be healthy, active and productive members of our society. We invite your partnership in this endeavor and value your input.

Sincerely,

A handwritten signature in blue ink that reads "Timothy F. Connellan".

Timothy F. Connellan
