

## What's Going On In Classrooms?

by: Aiden Holton and Grace Cowen

In 3rd grade Mrs Bozzuto's class was working silently in pairs researching about earthquakes using information in articles. Mrs Bozzuto's classes behavior was excellent.

On Monday, January 9th Mrs Gowdy's class took an important math quiz. The math quiz was on fractions.

In fourth grade Mrs Przybylski's students are split up into groups and researching many topics like the California Gold Rush, The Pony Express, and The Oregon Trails.

In 5th grade Mrs. Irazabal's class just finished a fraction art. In Mrs. Butler's 5th grade class they are doing argument writing. They are writing an essay on whether chocolate milk should or shouldn't be served in schools based on the notes that they took on videos.

Thank you for reading our article. I hope this was interesting to all, and hopefully are article has informed you about what we are learning in are classrooms.

## Monthly Celebrations

by: Avery McQuatters

What's your favorite monthly celebration? Well, I have the answers. If you filled out the survey, thank you! 7 people enjoyed watching a movie with the school. 13 people enjoyed watching a movie in their classroom. 17 people enjoyed sitting wherever they want in the cafeteria. 21 people enjoyed having no homework. Finally, 14 people enjoyed having a dance party. If you enjoy doing any of these things you can vote in library science. Slips of paper will be located at the back counter where you check out. You can leave the slips on Ms. Kerrigan's desk. Next month's newspaper will be featuring these new votes.

## Cafe Opinions

by: Mia Nieto and Kourtney Adams

We decided to write about the opinions of our school students. They told us how they felt about the breakfast, snacks, and of course the lunch.

The following people thought the food in the cafeteria was good. One of the first graders thought the snacks were great and had a good variety. A fifth grader said the same thing. A different fifth grader told us she enjoyed the taste of the pizza and noodles.

The people below thought the food was in between. One of our grade five students said that we need to have healthier lunches. A different student in the same grade said some of the food wasn't what she was used to. The last person that felt in between said about the same thing, "I like most food but certain things, like the carrot sticks, are not what i am used to."

The following students thought the food was bad. One of the first graders said that we need new things and a bigger variety of lunch. A fifth grader in Mrs. Bacchus's class said she didn't like how the lunches tasted and the needed bigger variety.

How do you feel about the cafeteria food? Write a Wee Deliver letter and send it to Kourtney Adams and Mia Nieto in Mrs. Bacchus's class. Once you send them in they will be in the next newspaper.

# Silly Seussical

By: Maleena Berdecia

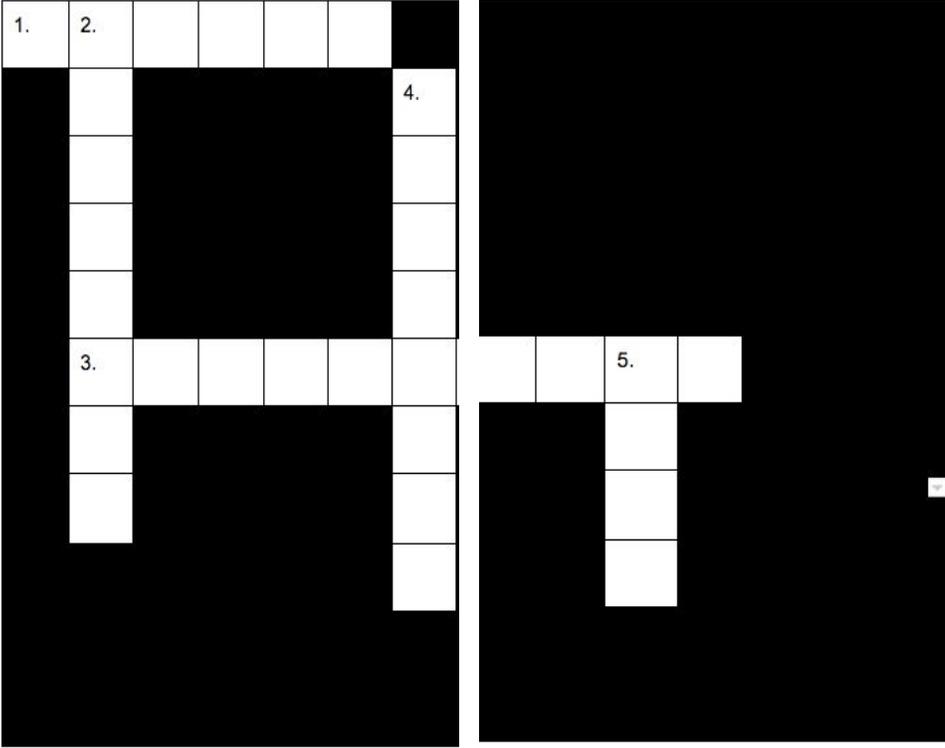

This February, the people in drama club have finally gotten the chance to perform Seussical Jr. They performed at JFK two times and Strong School once. Some of the characters in the show were Mazie, Cat in the Hat, Gertrude, Horton, Jojo, Sour kangaroo, Young kangaroo, Bird girls, Whos/Mr, Mrs Mayor, Fish, jungle animals, grinch, Wickersham brothers, Vlad-Vladikiof! Judge, and Yertle the Turtle. These characters were played by students in 3rd, 4th, and 5th grades. People really liked watching the play. All the cast had fun performing and preparing for this silly Seussical Jr.
