

SOUTHINGTON HIGH SCHOOL 2021-2022

Grade 9 Course Selection Worksheet

Parents and students are asked to complete course selection online on PowerSchool from **February 17 through February 24**. Use this worksheet to help you determine the courses that you will select.

The REQUIRED SUBJECTS need a teacher recommendation. When you enter the *Class Registration* screen on PowerSchool, you will see courses that teachers have recommended. You must request these courses now. If you do not have computer access, teacher recommended courses will be requested for your child and your child will meet with his/her counselor to enter electives.

If you have questions about level recommendations, please discuss them with the specific grade 8 subject area teacher(s). You must speak with the teacher before requesting an override. There is a form available on the SHS Ninth Grade Academy website under Course Selection if you still wish to override a teacher recommendation. This form must be completed, signed, and submitted to your child's School Counseling Office.

The Program of Studies (which explains all the course offerings at SHS) is available on the SHS website. If you do not have computer access, the School Counseling Office can provide a paper copy of the SHS Program of Studies.

Complete the online selection process by clicking on the *Class Registration* icon at the side of the parent portal page. More detailed information about this process is available on the SHS page of the SPS website (www.southingtonschools.org).

To make course selections:

- (1) click on the *Class Registration* icon at the side of the parent portal page of PowerSchool.
- (2) click on the pencil next to each subject area, including the courses that have been recommended
- (3) click in the box at the front of the course(s) that you want to take
- (4) click okay at the bottom of this pop-up screen

NOTE: *There may be more than one page of available courses for each subject area. This is indicated by page numbers at the bottom of the course list. You should see everything on this sheet on PowerSchool.*

After you have made all of your course selections, click *Submit* at the bottom of this screen.

NOTE: *Requests for self-contained classes and/or accommodations for Special Education and 504 students will be discussed at planning meetings and submitted by the student's counselor at a later date.*

Students should select a minimum of 6.5 credits.
