

**Talk Early. Talk Often.**

**They are listening!**

**Times have  
changed.**

**So have  
drugs.**

The average potency (percentage of THC content) of tested marijuana from federal seizures was less than 4% in 1983 and just under 10% in 2009.

*(Office of National Drug Control Policy Fact Sheet, University of Mississippi National Center for Products Research, Potency Monitoring Project Quarterly Report 107—Jan. 2010.)*
