

Register Now for the 2019 Spring Season

Our plan for the 2019 Spring season is to have age appropriate teams, with differentiated levels of play within each group. **What does that mean?** That means that a 10-year-old player will play on a 10u team and an 11-year-old on an 11u team and so on... Each age group will have multiple teams pending player counts. Our initial focus will be to field at least a Blue and Royal squad at each age group. However, if enrollment is greater than those player spots we have the ability to expand either way based on skill level. This past season our 10&11u teams joined the East Shore League and because of our partnership with the local Little Leagues and the East Shore Coordinator's we were able to play more than 80% of our games local.

Evaluations are required

Every player will be evaluated based on their performance on the day of tryouts and their previous season on the field. To be fair to all, we are bringing in additional bipartisan evaluators to assist our coaches with the evaluation process. All evaluations will take place at WEST LL Fields and you are strongly urged to have your child attend as many evaluations as possible.

Evaluation Dates

October 8th, October 27th, and November 3rd

12 and Under

- 2:00pm field 2

13 and Above

- 4:00pm 60/90 field

Registration is required
